<p><b>Contact Between Individuals Not Minimised and Social Distancing Measures Not Followed</b></p>				
Consistent groups are in place which reduces the risk of transmission by limiting the number of pupils and staff in contact with each other to only those within the group	Details;- Rainbow (EYFS) Bubble: 28 Green (Y1/2) Bubble : 31 Blue (Y3/4) Bubble: 32 Red (Y5/6) Bubble: 22	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The school keeps a record of pupils and staff in each group, and any close contact that takes places between children and staff in different groups	Staff timetable completed and TAs allocated to specific classes during each week. Records accessed through Bromcom	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Primary schools may be able to implement groups that are the size of a full class. If that can be achieved, it is recommended, as this will help to reduce the number of people who could be asked to isolate should someone in the group become ill with coronavirus (COVID-19).	Circumstances need to be assessed and if class-sized groups are not compatible with offering a full range of subjects or managing the practical logistics within and around school, you can look to	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	implement year group sized 'bubbles' See information recorded above.			
In the younger years in Secondary Schools (key stage 3), schools may be able to implement groups that are the size of a full class. If that can be achieved, it is recommended, as this will help to reduce the number of people who could be asked to isolate should someone in group become ill with coronavirus (COVID-19).		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
In Secondary Schools, and certainly in the older age groups at key stage 4 and key stage 5, the groups are likely to need to be the size of a year group to enable schools to deliver the full range of curriculum subjects and students to receive specialist teaching. If this can be achieved with small groups, they are recommended		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Where staff or children cannot maintain distancing, particularly with younger children in primary schools, the risk is reduced by keeping pupils in the class-sized groups	Rainbow Bubble: 28 Green Bubble : 31 Blue Bubble: 32 Red Bubble: 22	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Whatever the size of the group, they are kept apart from other groups and older children are encouraged to keep their distance within their groups	<b><u>Arrival and collection times will be staggered for each 'Bubble'</u></b> <b>See Guidance document</b>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools with the capability to do it should take steps to limit interaction, sharing of rooms and social spaces between groups as much as possible	Children will stay in classrooms and play areas each day. Hall will be used for staggered lunchtime. Rainbow Bubble will eat in own classroom through separate entrance and exit. Staff room has a limit of 4 adults in at any one time. Daily 5 minute briefing will be SD in the main hall. Big Otters ASC will operate from the Rainbow Room and the Hall and will have a different entrance to all other children and Hall. Children will wash hands on arrival at Big Otters and also when leaving to go to class on a morning.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
It is recognised that younger children will not be able to maintain social distancing, and it is acceptable for them not to distance within their group	Children are aware of the meaning of Social Distancing and try to adhere to it.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	All classrooms have extra cleaning in place to ensure resources and equipment are regularly cleaned. Children will have their own resources in a named pencil case provided by school.			
Schools keep children in their class groups for the majority of the classroom time, but also allow mixing into wider groups for specialist teaching, wraparound care and transport	Intervention groups when needed will be in the well ventilated hall at large tables with SD measures in place. Only one Bubble will have interventions at one time. Specialist teaching eg Music/PE will be in groups from ONE Bubble only. Social Distancing will be adhered to at all times. <b>21.9.2020</b> <b>UKELELE/Violin LESSONS SOCIALLY DISTANCED in school hall. <p>If someone tests positive, they should follow the <a href="#">‘stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection’</a> and must continue to self-isolate for at least 10 days from the onset of their symptoms and then return to school only if they do not have symptoms other than cough or loss of sense of smell/taste. This is because a cough or anosmia can last for several weeks once the infection has gone. The 10-day period starts from the day when they first became ill. If they still have a high temperature, they should keep self-isolating until their temperature returns to normal. Other members of their household should continue self-isolating for the full 14 days</p>	<p>Schools must take swift action when they become aware that someone who has attended has tested positive for coronavirus (COVID-19). Schools send home those people who have been in close contact with the person who has tested positive, advising them to self-isolate for 14 days since they were last in close contact with that person when they were infectious	Close contact means: direct close contacts - face to face contact with an infected individual for any length of time, within 1 metre, including being coughed on, a face to face conversation, or unprotected physical contact (skin-to-skin) proximity contacts – extended close contact (within 1 to 2 metres for more than 15 minutes) with an infected individual travelling in a small vehicle, like a car, with an infected person	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Public Health England is clear that routinely taking the temperature of pupils by the school is not recommended as this is an unreliable method for identifying coronavirus (COVID-19) so this does not take place	No thermometers available in school	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<b>Inadequate Hand Washing/Personal Hygiene</b>

Hands will be washed on arrival, after playtime, before and after lunch and before hometime. Staff and children will wash their hands after sneezing, coughing. Alcohol based hand cleansers/gels (containing at least 60% alcohol) can only be used if soap and water are not available, but is not a substitute for hand washing. Such gels <b>MUST ONLY BE USED UNDER CLOSE SUPERVISION</b> . In normal circumstances pupils should not be using alcohol based hand cleansers because of the risk of ingestion.	Skin friendly skin cleaning wipes can be used as an alternative Staff will have non-alcoholic hand sanitisers to use for when appropriate	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
The 'catch it, bin it, kill it' approach is very important and is promoted	    Posters of 'Catch it, Kill it, Bin it' visible across the site. <b>Inadequate Personal Protection &amp; PPE</b>				
Face coverings are not use in school as pupils and staff are mixing in consistent groups, and because misuse may inadvertently increase the risk of transmission. There may also be negative effects on communication and thus education		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
PPE will need to be worn by a member of staff if a pupil becomes unwell with symptoms of coronavirus while in their setting and needs direct personal care until they can return home. A face mask should be worn by the supervising adult if a distance of 2 metres cannot be maintained. If contact with the pupil is necessary, then gloves, an apron and a face mask should be worn by the supervising adult. If there is a risk of splashing to the eyes, for example from coughing, spitting, or vomiting, then eye protection should also be worn	<a href="#">safe working in education, childcare and children's social care</a>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
